

BURGER KING® RESTAURANT CLOSURE – COVID-19

BURGER KING® South Africa closes restaurants today to prevent the spread of COVID-19.

Our top priority is the health, safety and wellbeing of our guests and team members and through the unique circumstances, the restaurants are temporarily closed until further notice.

We want to thank all our team members for their continuous dedication, particularly during the last few days and all our guests for their confidence and brand loyalty.

This is sad news, but we trust this is the best course of action to make sure that we can all quickly get back to the life we love.

We're looking forward to serving you soon again in our restaurants!

Take Care,

Team Burger King SA
